

WHY DO I NEED A CARE COORDINATOR?

This is a common question that comes up when planning for the right care, at the right place, at the right time.

Sometimes life catches us in the middle, managing things with our own families while trying to oversee care of our parents. Strohschein Law Group understands the stretch and offers the services of a Care Coordinator to support you one-time, as needed, or for an entire year. Having someone on your side to help you navigate the changes ahead for a loved one with declining health and fitting the pieces together can make all the difference!

Care Coordination Services Helps Piece the Puzzle Together

- A scheduled assessment will affirm the medical needs of your loved one(s) and identify their care goals.
- Together you will develop a plan to best meet those needs with applicable community resources to support your goals.
- Provide support for the caregiver with important resources.
- Attend meetings with the family and health care personnel to advocate for your loved one(s) while facilitating practical steps to achieve desirable goals and optimal health.
- Provide educational information for family members about disease processes and options to support a good quality of life.
- Assist you with choosing a facility or home care agency and help you manage crisis situations as they may arise.
